This limited edition, with only **2500 units** available worldwide, contains an exclusive set of 3 pins featuring key icons from the game, as well as a new 27-cm statue of the Android "Kara", set atop a base illuminated by a halo of LED lights, with integrated movable robot arms.

Meanwhile, the Detroit: Community Play experience is also making its debut and is available here:

DetroitCommunityPlay.com

Announced during the first-ever Quantic Stream on the studio's official Twitch channel at twitch.com/QuanticDream, this interactive stream extension for the PC version of Detroit: Become Human™ was designed by the team behind the game and is exclusively available for Twitch. Detroit: Community Play gives stream viewers the ability to influence the streamers' live game session, through more than 150 multiple-choice polls, at key moments in the plot.

To complete these experiences, fans and streamers can also download the free Detroit: Become Human™ and Quantic Dream Twitch Stream Packs. Including dozens of Twitch emoticons, GIFs and overlays, these two packs offer unique customization possibilities to enhance stream experiences.

About Quantic Dream

Quantic Dream is a French video game studio that has gained international recognition for the quality of its games. Founded in 1997 in Paris by David Cage, the studio innovates both in the field of artistic and technical domains, to create original interactive experiences based on emotions. Quantic Dream is the inventor of the «Interactive Drama» format, which allows players to change the course of a story through multiple choices, and to face the consequences. Fahrenheit™(aka Indigo Prophecy in North America) is the first game released in this format (2005), followed by three blockbusters developed in partnership with Sony Interactive Entertainment: Heavy Rain™ (2010) Beyond: Two Souls™(2013) and Detroit: Become Human™ (2018). These video games, entirely designed and produced by Quantic Dream, have won more than 250 awards worldwide and have made a significant contribution to the evolution of storytelling in video games. Over the years, Quantic Dream has collaborated with world-renowned talents such as David Bowie, Hans Zimmer, Ellen Page, Willem Dafoe, Clancy Brown or Jesse Williams. The studio has developed exclusive technologies and original franchises since its creation with the support of millions of players worldwide. Since 2019, Quantic Dream is also a video game publisher.
